Dear Sir

With regard to your
question respecting my
sons Auction, I had heard
from him that you had
arranged for its sale.
I did not know the
amount of Deductions
to be made. I understand
from him they are
much larger than

the convenient way should be
be with regard to your
suggestion that I should put the
price up my right to the
\$75 was accepted 29. 19. 6
instead of the full year
with him that the
would not be a small
matter to me, I should
give an answer until
I have had an opportunity

of writing it over with my
own strict approval of
your own answers
but the weather will
not likely prevent
me from
yours very truly
