Dear Sirs,

Hinds at City Assets C^o L^{td}

We have your letter of the 5th inst with papers enclosed. The defendants had better produce their ledgers and accounts with James Trollope since 1878 though we do not think there can be any entry in them material to the present action. We have served Notices to Produce and Admit and have ~~made~~ admitted the Plaintiffs documents.

Yours very truly,

Geo Church & Co

P.S. There is a probability of this case being in the papers on Wednesday or Thursday so kindly be on the alert.
