Dear Sirs,

9th January 1911.

re Parkinson.

I shall be much obliged if you will now let me have the Statement of Affairs herein in duplicate so that no delay may be occasioned in holding the First Meeting and Public Examination. From my interview with the Debtor ^{Parker} that he is possessed of absolutely no assets and that his deficiency therefore will be the total amount of his indebtedness. When I saw him he did not think he would have much difficulty in compiling his list of creditors. I feel sure of your co-operation in letting me have the Statements with all possible despatch.

Yours faithfully
